I CAN HELP STOP PET OVERPOPULATION IN OUR COUNTY

You can earn a free spay or neuter for YOUR pet or the PET OF SOMEONE YOU CHOOSE by sharing your story!

If the student would like to have one of their pets spayed or neutered (fixed) they should write a story about THEIR pet OR, if the student doesn't have any pets or their pets are already fixed, they may earn a free spay or neuter for the pet of someone they choose by writing a story about the importance of spaying/neutering in solving the pet overpopulation problem.

The student must have a Parent/Guardian signature on the completed Spouter Story Contest Consent Form (located on the back of this page) to win this contest. The story must be a minimum of 30 words. Good Luck! Please write your story below - use additional paper if needed. Be sure to hand it in by Lesson 5 of your Pet Responsibility Class.

^{ph.} I have a white German Shepherd named Zoey that is almost 2 years old. When she was eight weeks old she woke my mom up in the middle of the night because I was having a seizure. My mom and I slept out on the couch for several weeks. Zoey woke up my mom every time I had a seizure. She is a very special dog and we ~~want~~ ~~may~~ not of found out about my seizure's if it was not for her. ^{ph.} Even though Zoey is a very special dog we would like to get her spayed. We do not to contribute this area. Pet owners are responsible for the health and well being of your pet's. Spaying or neutering your pet's helps to keep over population risks for your pet.

Contest Rules: The Consent and Story Forms need to be completed and returned to the school no later than Lesson 5 of the Pet Responsibility Education Program. There will be at least one winner per School. The surgery will be performed by a Spay Neuter Veterinary Clinic thanks to the generosity of the REASON Program.
