Pet Responsibility Education Program

The BCPRC education program is presented primarily as an integral part of the Burke County Schools' Character Education Program which focuses on good judgment, integrity, kindness, perseverance, respect and responsibility and is linked to NC state standards. The backbone of our program is a strong volunteer base that presents a six-session program to each 4th Grade class annually.

This 2012 Governor's Award winning program initiated in Moore County N.C. in 2008. It is now taught in over 30 counties throughout the state. We are hopeful we can add your school to our list of achievers.
